Organizer:

AASH is happy to be the host of the 2024 FAI F3A European Championship for Aerobatic Model Aircraft.

AASH (founded in 1973) is a major model club in Belgium. We have organized many F3A competitions since 1974. Since 2003 the Criterium International du Hainaut (FAI F3A World CUP Event) takes place with around 40 pilots from more than 10 countries.

AASH already organize FAI F3A European Championship in 2018.

Belgium is also a “F3A land” – (dixit Bob Skinner, former chairman of CIAM Aerobatics sub-committee some years ago, in a mail he sent to me some years ago), indeed, many F3A trophies are coming from Belgium, and the first FAI F3A European Championship 1976 was in Belgium (Coxyde), already with the AASH in the organization.

AASH is member of AAM (Association d’Aeromodelisme asbl.)

Noon daily meals :

There are two essential things for a successful competition: of course the competition aspect, but also the meals which are generally what we remember after the event.

Also, all noon meals will be cooked in front of you on site with local/bio products, we will propose for each day a meal of different country.

For sure, meals on airfield are also important for the financial balance of the competition.

July 18th Ground beef salad with bulgur worcester sauce and seasonal vegetables.

July 19th Carbonated beef, raw vegetables and caramelized onions, mashed potatoes.

July 20th Salad pasta chicken tomatoes oregano.

July 21th Butcher's ground steak, salad, fries

July 22th Chicken fillet with mustard sauce, rice, fried vegetables.

July 23th Middle-eastern meal: cold buffet.

July 24th Smoked paprika pork loin - eggplant and zucchini potato gratin.

July 25th Beef lasagna, tomato.

July 26th Hot dog currywurst homemade sauerkraut potatoes.

July 27th Nordic fish salad.

It will be possible to have an invoice at end of competition for your sponsor / federation.

At the field only Euros will be accepted

Credit card payment will be possible on airfield.

Number of participants:

Regarding to CIAM General Rules C.5 f) each CIAM Subcommittee (S/C) taking into account, the financial viability of an event, the expected number of participants based on statistical information from previous events, may consider, working together with the organizer to propose to CIAM Bureau an alternative way to allow more competitors to participate, so to make the event happened, instead of cancellation due to limited number of participants.

For this the S/C has to consider:

- the maximum total number of competitors, which will allow the event to happen within the defined period
- the minimum number of competitors under which the event is no longer financially viable.

Competitor Invitation procedure phases:

Competitor invitation procedure will be done according CIAM General Rules C.5.f) with two phases

Phase 1:

Preliminary Entry Form:

Each National Airsport Control Organisation which plans to send a team to the European Championship is requested to fill out the enclosed Preliminary Entry Form and return it to the correspondence address below to reach us not later than February 1, 2024.

Return of the preliminary entry form is for information and planning purposes only and does not constitute an official entry by the NAC, nor does it commit a country to enter a team or send participants.

After this, the organizer will evaluate the situation and if the number of expected participants is below the minimum number which makes the event financially viable, CIAM will be asked to consider cancelling the event as per the provisions of the rules or will consider to initiate a second phase for accepting more participants.

Phase 2

In such a case and with the approval of CIAM Bureau the organizer may send out invitations to the NACs which already had expressed with the PEF, their intention to participate. At the same time, even the relevant CIAM S/C may also send invitations considering the World Cup ranking or similar criteria, which will ensure that the invited participants in Phase 2 are competent to participate in an FAI First Category event.

Invitations for Phase 2 shall not exceed the maximum number of participants allowed for the event.

The participants who will be invited by the S/C must also have the approval of their NAC in order to participate. The invited participants in Phase 2 can only be part of the individual classification.

Deadlines:

Preliminary Entry Forms must be received not later than **February 1, 2024**.

Official Final Entry Forms must be received not later than **May 15, 2024**.

Entry Forms received after May 15, 2024 cannot be accepted anymore!

All entry fees must be received not later than May 31, 2024. Entry fees submitted after May 31 will incur a 20 % penalty. Any entry fee submitted more than 30 days after May 31 2024 will incur a 20 % penalty or may be refused by the organizer.

Payment of entry fees will not be accepted at the arrival and registration of the team !

Insurance:

The organizer has insurance covering risks for third party liability. All visitors are required to have their own medical and travel insurance.

Radio Control Frequencies:

According to Section 4 – Aeromodelling Volume F3 Radio Control Aerobatics 5.1.11. b) **Only Spread Spectrum Radio control systems carrying the CE marking are allowed.**

EU Requirements:

All pilots need a valid EU operator registration number (E-ID) which must be displayed on the model aircraft(s).

Pilots from non EU countries who don't have a registration number can register at the National Airspace Authority in Belgium

(https://mobilier.lmsdokeos.com/en/users/sign_in)

or in another EU country and will receive the registration number.

Since the championship is a FAI-recognised competition the organizer will consider that participants will have the piloting proficiency corresponding to the models they intend to operate during the competition.

Model aircraft specification certificates:

According to Section 4 – Aeromodelling CIAM General Rules C.11.1 and C.12 Model aircraft, shall carry:

The national identification mark followed by the FAI Unique ID number. The letters and numbers must be at least 25 mm high and appear at least once on each model.

A model identification code (letters and/or numbers). This code has to be different for each nominated model aircraft of the competitor. The model identification code is to appear on each main part of the model (wing(s), tail, front and rear fuselage if detachable) so that the individual parts of a competitor's different models may be separately identified. The letters and/or numbers must be at least 10 mm high and clearly visible.. The identification code of the nominated models must be recorded on the Model Aircraft Specification Certificate.

For World or Continental Championships, each NAC shall process every model and shall issue for each model aircraft a Model Aircraft Specification Certificate, provided by the FAI. A sticker, also provided by the FAI or marking to the pattern of this sticker, shall appear on each model.

Each competitor must present a correctly completed FAI Specification Certificate for each model aircraft entered in accordance with the Sporting Code. Specification certificates must be signed and stamped by the National Airsport Control Organisation.

Model aircraft not properly processed by their NAC, with FAI certificates and stickers, must be processed by the organiser at a cost of EUR 8,00 for each model.

Regulations in 5.1.2 h) point 9.

About Flight coach :

Flight Coach is a very nice tool for practicing F3A manoeuvres.

After questions received from competitors about using the Flight Coach system during official flights, the CIAM F3 RC Aerobatics Subcommittee discussed the case and decided that this is not allowed according to the existing rules.

So the device must not be installed in the aircraft during the competition.

To avoid problems, please uninstall the device before your competition flight, if you use it for practice.
